

KEMICA COATINGS
Reinventing coatings

Specialist for more than 30 years
Liquid sealing and corrosion protection

Only manufacturer to offer non-flammable resins
for the nuclear industry (Fukushima power plant)

NUCLEAR PROTECTIVE COATING FOR CONCRETE AND METAL

Applications : floors, walls, pits, radioactive effluent storage tanks, radioactive waste coating
FLOATING ROOFS ON NUCLEAR POOLS

KEMICA COATINGS has been awarded **CEFRI certification** for its work in the nuclear industry, for which it obtained the highest possible rating from **AREVA/ORANO** in 2016 and 2017 (5/5).

CHEMICAL CORROSION RESISTANT

SOUPLETHANE 5-6 COR

DECONTAMINABILITY TO NUCLEAR FISSION PRODUCTS

99%

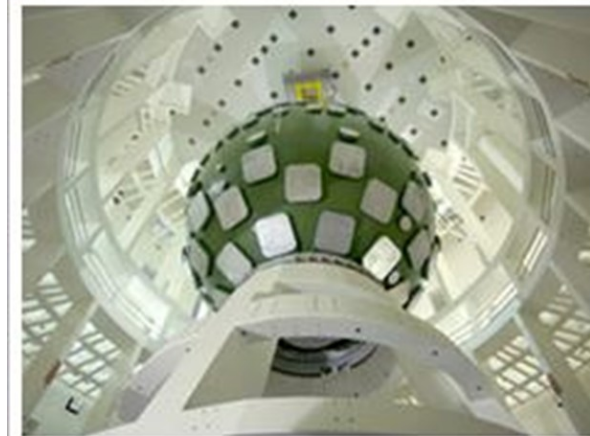

**Gamma IRRADIATION
RESISTANCE :** Tested up to 10
Megagray

**RESISTANCE TO CHEMICAL
AGENTS PH from 1 to 14**

*CEA, EDF, COGEMA, SOMANU, EURODIF,
COMHUREX, CHINA NUCLEAR POWER,
DCNS, GANIL*

**SOUPLETHANE
5-6 COR FRB (M1)
Non-flammable**

DECONTAMINABLE COATING

SOUPLETHANE 5-6 N
